## 1 APPLICATION AND SCOPE OF THE POLICY

This policy applies to the entire school management, educator and non-educator staff and the learners.

The School Board will decide the Admission Policy of the school in terms of Section 5(5) of the SASA and in accordance with the guidelines stipulated in Section 5(1) of the Education Policy Act (Act 12 of 1998). The School Board will make a copy of the Admission Policy available to the Head of Department for formal approval.

Learners will be admitted, and not discriminated against on the basis of race, ethnic or social origin, colour, gender, sex, HIV/AIDS status, disability, religion, conscience, belief, culture or language.

A test may be administered once a learner has been admitted to the school, to determine the placement of that learner in the appropriate programme or in a specific course and where it would be in the educational interest of the child.

Only the principal may approve the application and the contents of these tests. The principal must obtain the prior written approval authorising such a test to be conducted. The principal will determine procedures and guidelines which control the circumstances under which admission and placement tests may occur.

No learner may be refused admission to a school or discriminated against in any way on the grounds that his or her parent/guardian:

- Is unable to pay or has not paid school fees, the registration fee or deposit determined by the Board;
- Does not subscribe to support both the mission statement and code of conduct of the school;
- Has refused to enter into a contract in terms of which the parent waives (give up) any claim for damages arising from education of the learner.
